## PRESBYTERIANS DOWN TIGERS NEAR END OF WELL FOUGHT GAME

Captain Hunter of Bluestockings Is  
Uncanny—Tigers Appear Off Their  
Game.

The Tiger has a suggestion to the Basketball Rules Committee. It is our opinion that this body, at its next meeting, should adopt a rule reading as follows:

"All baskets thrown by Hunter, of the Presbyterian College of South Carolina, shall not count in the score."

Our reason for advocating such a rule is that Hunter is too good. He handles the ball in a manner that is positively uncanny, dribbling it in skillful fashion and unconcernedly tossing it over his left shoulder for baskets which are positively spooky.

This lad, supported by four other Bluestockings who themselves handled the ball well, although they were not in a class with their captain, defeated the Clemson Tigers on the local floor Monday night. The score was 24 to 22, and Clemson, accustomed by this time to close cage games, saw one in which the lead switched even more than ever.

As a sign of what was to come, the lead changed hands several times during the first half, and the half ended with the score a tie, 12-all. Then the same thing repeated itself in the second half. In the same manner as the Georgia and Newberry games, the Presbyterian contest came to the closing minutes with the result in doubt. With one minute and a half to play, the score was 20 and 20. Baskets by Walker and the Phantom Hunter won the battle for the Bluestockings.

Be it said for the Tigers that they were off the form displayed in the Georgia game and the earlier portion of the Newberry game. They fought hard, but the punch seemed to be lacking, due, possibly, to overconfidence. Carter Newman flashed his superb form at intervals and led the Tigers in scoring, and Pinky Colbert was a warhorse; but as said above the punch seemed to A. W. O. L. Let's hope it will be back on duty Wednesday, Thursday, Friday, and Saturday, when Coach Bud has his basketekers on the road through South Carolina.

### Line-up

Clemson (22)	P. C. (24)
Johnson (4)	R. F. Hunter (13)
Newman (10)	L. F. Walker (4)
Roy (2)	C. Moffett (3)
Colbert (6)	R. G. Warner
Palmer	L. G. Moore (4)

Substitutions; Clemson, Bailey for Johnson, Johnson for Bailey; P. C., Robinson for Moffett, Moffett for Robinson, Jones for Moore.

Referee—Jones.

## TAPS DANCE TO BE GIVEN FRIDAY NIGHT

Preparations Complete—"Jungaleers" to Furnish Music—Pay up in Room 419.

All is in readiness for the big masquerade ball which the "Taps" staff is giving in the small dance hall on next Friday night, and every cadet who can possibly do so is urged to attend.

The decoration committee has labored hard and faithful for the last two weeks and the dance hall resembles an oriental palace. Never before have such elaborate decorations been placed in the hall, and the chance to see the inside of the ball room is well worth the price of admission to the dance. The walls have been covered with thick, heavy paper and on this paper are scenes of the Orient which have been painted by Prof. Seigler with the assistance of many of the Junior and Senior architectural students. Added attractions will consist of toy balloons and streamers.

An added feature to the dance will be the supper served in the college dining room at 6 o'clock Friday night. All boys having girls up to the dance will escort them to the dining room just after retreat. A splendid supper has been arranged, and the couples will greatly enjoy themselves as guest of Capt. Harcombe.

The dance will be absolutely masquerade and on one will be admitted who is not in costume. Masks of various colors are on sale in D. C. Ayer's room, so the cadets can obtain masks for their ladies to match costumes. All persons who live on the campus who have friends who desire to attend the dance may obtain a written permit from any member of the "Taps" staff. However, these visitors must also come in costume.

The music for the occasion will be furnished by the "Jungaleers", Clemson's own Jazz orchestra. This fact in itself is inspiration enough for all the cadets to attend. The orchestra is giving its service free of charge for the benefit of the Annual, and each and every member should be highly praised for his patriotic spirit.

Pay up for the dance in Room 419 as soon as possible, and let's make this dance the best and most successful one of the year.

—J. B. C.

McCormac: "No love affair is really a love affair until you see her in perspective."

Welch: "Say, it's all right to be modern and all that, but by gosh, I'm still decent."

No, Taber, Minnesota is not a soft drink

A choice now lies between single life or shingled wife.

## DR SIKES TO VISIT COLLEGE THIS WEEK

Will Be His First Visit Since Election As President—To Be Honored Guest At Banquet Given By Woman's Club. Will Address Corps In Chapel Sunday.

Dr. E. W. Sikes, President-Elect of Clemson College, expects to visit the college on Saturday, January 31st. He has been invited to be the honor guest at a banquet to be given by the Woman's Club of Clemson College, in celebration of the club's ninth birthday.

Dr. Sikes will arrive at the college by auto on Saturday, and will make an official visit of the college until Monday, February 2nd. On Sunday he will address the cadet corps and the members of the community at a union service to be held in the chapel. Again at the Vesper Services at the Y. M. C. A. on Sunday evening, he will speak.

This is Dr. Sikes' first visit to the college since the announcement of his election to the Presidency, and every one will welcome him most heartily. While at the college, he will be the guest of Acting President S. B. Earle.

## PARKER HIGH WINS OVER TIGER CUBS

On the evening of Jan. 26 the Caging Quintet from Parker High journeyed over from the Textile Center and left Clemson with a double handful of Tiger Cub hair. From the very best accounts obtainable, the extraction of the said hair was painful too. The game was a veritable Cain and Abel contest from start to finish, but the excellent goal-caging tactics of the visitors coupled with a listlessness of play by the Cubs donated the game to the only too appreciative visitors.

Things started off in an unusually interesting manner, and at the close of the first quarter the score was 5-5 tie. However, the Parker boys hit a good streak and by excellent team work and fast passing they ran up the larger end of a 12 to 10 count by the end of the first half. Fighting desperately the Cubs came back, and long shots by Martin and several pretty baskets by Mundy gave the young Tigers a two point lead. Here inevitable fate, lady luck or whoever you wish the blame on, stepped in and assisted the Parker boys to the front once more.

For the visitors, Nolan was the outstanding scorer. He secured only one counter in the first period but he hit a mean pace in the latter half and caged a total of 12 points. Coleman who was substituted for McElrath did some

(Continued on page 5)

## VARSITY BASKETEERS GO ON STATE TRIP

Captain Colbert and Men Seek Revenge From Newberry—On To Carolina, Charleston, and Citadel.

With a chance of regaining the ground lost by defeats at the hands of Newberry and P. C., Coach Bud Saunders, Captain "Pinky" Colbert, and their Clemson Tigers left the campus today on their annual trip through South Carolina. They will play four games on the trip, Newberry, Carolina, Charleston, and Citadel being the opponents.

Wrought to a high pitch by the results of their last two games, the Tigers will be out to get back into the Palmetto State title race. Four victories on this trip will make the state record look quite different. The Southern Conference record is still perfect for Clemson, the Tech and Georgia victories being the only Conference games played to date.

Wednesday night the Jungle quintet will appear against the Newberry Indians in the home wigwam of the Redshirts. They will be thirsting for revenge after the cruel defeat which fate and the skillful Indians handed them last Friday night.

The second night of the trip will see the Clemson basketekers in Columbia, the Capital City, where their opponents will be none other than the University of South Carolina Gamecocks. This Gamecock has defeated Georgia and Newberry, so the Tigers will have their work cut out to gain the ascendancy over the ancient rival.

Friday and Saturday will be spent in Charleston. The first game in the City by the Sea will be with the Maroons of the College of Charleston. This should certainly result in a Clemson victory. Then on Saturday night the Tiger combination of Colbert, Newman, Johnson, Roy, and Palmer, will tie up with the Citadel Bulldogs led by the famous Douglas and Teddy Weeks. The Bulldogs have conquered Carolina, and some experts deem them the best team in the state. We look for the Tigers to take them down a peg or two.

—W. W. B.

## DOCTOR DANIEL SPEAKS AT SUNDAY VESPER SERVICES

In spite of the large number of boys who left college this week end, the attendance at Vesper's Sunday night was exceedingly good. Except for the few seats right up at front which are usually empty the auditorium was almost filled. Dr. Daniel, the speaker for the evening spoke on something that should be of interest to everyone; he spoke on "Opportunity."

It is a pity that a great many more of us could not hear his talk and try to take a lesson from it.—T. J. H.

## TIGERS LOSE WHEN INDIANS GET LEAD IN CLOSING MOMENT

Newberry's red-shirted Indians were put on the run by the Clemson Tigers during most of the fast basketball game on the Clemson floor last Friday night, but they slashed their tomahawks in efficient fashion during the closing portion of the battle, enough so to win by the score of 21 to 20.

For only two minutes of the entire contest were the Indians in the lead, but his short advantage was enough to gain for them the victory. During the two regular twenty-minute halves they were never in the lead. They came from behind to tie the count 20 and 20 in the closing moments of regular time. In the extra five-minute period that followed, the Newberry five made the only point that was caged, this giving them the game.

It was a tough battle for the Tigers to lose, for they fought the game in a manner well fitting their clan and outplayed the visitors during a big part of the hectic fray. In the first ten minutes of the game and in flashes thereafter the Jungaleers showed a whirlwind form that was irresistible. Their ardor and gameness did not falter throughout the contest, but in later portions of the game they played and defense did not work with quite the well-oiled efficiency that slipped through at first.

And the Newberry cagemen, with their famed Wollet and the lanky McPhee, displayed a fine comeback and ability to put out under fire by coming from behind to tie the score and later win.

### A MODEL COMMISSARY

#### DEPARTMENT

According to a statement made by Colonel Rowell on his recent visit to Clemson, the dining room and kitchen of the college is the best of all the many departments that Colonel Rowell has inspected or been connected with in his long term of duty. Coming from an Officer with the experience and the knowledge of Colonel Rowell, the above statement has a decided value. We are pleased that our dining room and kitchen is of such a high standard and we hope that the other departments of the college will meet the test of inspection as does the Commissary Department.

—E. L. S.

### THE NEW SPIRIT

For the last several years the spirit in the student body of Clemson has been very low. There has been present a general disregard for discipline, a discontented attitude toward faculty supervision, an undertow of strife that ever tended to hold down the best interest of the institution as a whole. This spirit of rebellion to authority and rule culminated in the disturbance of last Fall. Since the settlement of the many difficulties arising from and out of the strike of the students, there has been a wonderful change in the spirit of the student body. In direct contrast to the tendency to pull against the best interest of the school as was evident in the students, before the trouble, there is now a tendency and an expressed willingness on the part of the students to work with the college authorities for the advancement and development of every phase of the work carried on by the institution.

Before the trouble, the students were discontented. The slightest hitch in the daily routine resulted in a general wave of intense feeling. The mentioning of the word "strike" was a daily occurrence. The students

were loath to see the good points about Clemson. They were ever willing to add a word in adverse criticism directed against the college. Now, the tables have been turned. Instead of the adverse criticism there is a present a desire to aid Clemson, to build the school, to defend its policies against unjust attacks. The students are pulling together. They are cooperating with the authorities of the school in every activity. It is the rule to hear a student say he is satisfied. Whereas, before the strike, practically every man was continually attacking the college from every angle.

The spirit of the students is not the only condition of college life that has experienced a change. There has been a very great change in the attitude of the authorities toward the students. Every possible opportunity for aiding the students and promoting their welfare is being studied and carried out by the ones who direct the policies and activities of the school. This is evident in many ways. Not that the authorities were neglecting their duty toward the students before the trouble but that they are now on the alert to not only perform their assigned tasks, but to discover new plans and improved methods under which the students will fare better, and will be more contented.

With the new spirit in the student body, with the new attitude of the faculty and supervising officers of the college, it is evident that Clemson is on the up-grade, that it is on the road to true greatness, and that Clemson will soon take its stand among the leading colleges of the South and of the nation. It is only fitting that an institution with so strong a student body, with so great a task to perform, with a true standard as has Clemson should occupy a place of leadership among the colleges of America. The last element that was lacking in the factors that make for true greatness in a college has been supplied. The Clemson student body has swung into line. And the path into the future for Clemson is a splendid road leading to the final goal of success. May the students realize the priceless heritage with which they have endowed the coming men of Clemson, and may they know that they will be more than rewarded for their efforts toward building a greater and stronger Clemson.

—E. L. S.

## A Romance

"Darling, I love you." The murmur came from the corner of the pantry.

Immediately a plate fainted and a cup heroically endeavored to bring her back to life by fanning a gentle breeze upon her enameled complexion.

"Without you, life would be just one dish of hash after another," was murmured from the same corner.

A pan marches disgustedly from the room, while a tumbler took a tumble from the table. The dignified clock hid its face behind its hands and the knife and fork tried in vain to spoon.

"I am completely wrapped up in you," the lady sighed. The teapot hissed. The pitcher left his box because he could not put them out. The window hurriedly left her sash because she had a pane. The salt got fresh and the pepper knocked off her top, while the butter tried to saucer. Another faint ripple and the bread knife fell from the table with a bang, cutting the apple to the core.

"Beautiful," he whispered. All was over. A loud snap was heard and the Victrola on the table in the corner ceased to talk.

## Winning the West

Irrigation by electrically driven pumps has made hundreds of thousands of acres of desert land in the Intermountain West blossom like the rose.

For a few cents a month per acre, electricity—the giant worker—brings the life-giving water from distant lakes and rivers to rainless valleys, producing rich harvests of fruits and vegetables, cereals and forage.

What electricity is doing for the farmer is only a counterpart of what it is doing for Industry, Transportation, City and Country life or any of the professions. It is a tool ready for your use and which, wisely used, will make the impossible of today an accomplished fact tomorrow.

How electricity does these things is important to the student in a technical school—but *what* electricity can do is important to every college man or woman, no matter what their life's work may be.

The General Electric Company provides for agriculture little motors that do the farm chores and great ones that operate mammoth pumps to irrigate vast stretches of arid valleys.

If you are interested in learning more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.

## CLEMSON TO BE REPRESENTED AT STATE CONVENTION OF Y. M. C. A.'S.

Convention Will Be Held in Columbia Feb. 3rd. & 4th. Our School Entitled to Seven Delegates.

In order to "pool" common problems and to plan effectively Association work for the coming year, there is held annually a State Convention of Y. M. C. A.'s. At this convention, we find represented, not only student associations, but every phase of the work—city industrial, railroad, etc.

On Feb. 4th, the second day of the convention, the student representatives will meet together in order to discuss those things pertaining to college life. One of the Clemson representatives, J. C. Bagwell, will speak on the subject "Fundamental Problems of Student Life." During his stay at Clemson, Bagwell has won a place in the hearts of his associates. We feel as if he is well qualified, both spiritually and mentally, to represent us at that time.

In thinking of the "Y" work, it might be well for us to consider some of the things that the association is doing. A great service is being rendered in the high schools. Many of us are familiar with the Hi-Y Clubs. We have seen the boy's life of a community brought to a higher standard through the weekly meetings, prayer groups etc. Our Associate State Secretary, Mr. Schnell, states that "In 1919, there were in South Carolina, nine Hi Y Clubs; today, there are 34, with a total membership of 1056."

Just here, it might be well to say that "The Supervision, Development and Extension of Young Men's Christian Association Work in South Carolina is Entrusted to the State Committee."

An added feature to the Boy's Work of the state is that of the establishment of Camp John B. Adger, Pickens County. "Last year, there were 219 regular campers and leaders. These fellows were accommodated in groups of about forty at a time—in five periods of ten days each. One period was the State Hi Y training camp for Hi Y officers and leaders."

During the past year, the Committee has held four Older Boy's Conferences at Bishopville, Anderson, Aiken and York respectively. An Older Boy's Conference for Negroes was also held at Columbia—having a total attendance of 199.

The Committee also supervises work in six mill communities and six colleges. Associations throughout the state are grateful to the Committee for securing speakers of ability.

Let us remember that every Clemson man is a member of the Y. M. C. A. The degree in which the work goes forward, the degree in which the "Y" is made a factor in college life, depends largely upon your manifestation of interest in the religious program of the Association. "SPIRIT is that which gives drive to men."

—T. L. V.

"What-ho!" cried the would be shiek, as he was struck in the eye with the beauty of the flapper approaching. "Where did you get the beautiful dimple which ornares your smile?" asked the bold one.

"Sleeping on a collar button," replied the fair one, going gaily on her way.

—Ex.

## CLEMSON WORKING SMOOTHLY

The editor of The Daily Mail paid an unannounced visit to Clemson on Friday, and found everything hard at work, and running smoothly. The mid-session examinations were under way and each boy seemed to be "putting out" to the best of his ability. Everything was going like clockwork, quietly and efficiently. Every one on the whole campus was busy, and effective work was being done.

Dinner in the mess hall and a trip through the kitchens and store rooms is well worth the while of any one. Mr. Holcombe, who has charge of the kitchens, and who, by the way, is paid a salary, instead of receiving a lump sum for feeding the students, took pleasure in showing visitors through his department. Everything was scrupulously clean and sanitary, and it is hard to see how any improvement could be made. The food served is of the highest quality, and is the same as has been served all during the session. The writer has a pretty healthy grocer bill at the end of the month, but the Clemson menu was as good or better than he has at home. Food is served in abundance. Each cadet has all he wishes. Mr. Holcombe states that meals cost 17 cents each, but may

be increased price of flour and other provisions. A dozen or so small hams that had been prepared for the evening meal, were most tempting. Baker's bread is the regular standby, but hot bread is served once each day. Chicken is served once a week, on Sunday. Pie was the dessert served on Friday, greatly to the delight of the visitors, and milk was the beverage. White table cloths were on each table, which seats eight, and before the boys marched in, presented a pretty sight, with flowers on each table. When the 800 or more boys were in action at the table, the place sounded like a beehive, but there, was no loud talk or boisterousness. After the meal was ended, the boys disappeared in a short time through three different exits, and than a score of colored waiters began cleaning up the tables.

Clemson has a well organized, loyal corps of professors and other officers, and they are putting out their best efforts to produce the best results. If more South Carolinians would visit Clemson and see it in action, they would be well repaid. Everything is open, to any one who wishes to see and hear, and every official takes a delight in showing any and everything to visitors.—Anderson Mail.

### Only Too True

Lazy men I've often seen  
But the laziest I've yet found  
Is the one who waits in a revolving door  
For someone to push him round.

—Ex.

### AND THEN I SAID—

Of all sad words for girls or men  
The saddest are these "It's half-past ten."

### AND THEN SHE SAID—

Of all sweet words of girls or men  
The sweetest are these "Kiss me again."

### AND THEN WE BOTH SAID—

Aw, you can't say anything at a time like that.

—Michigan Gargoyle

### Too Fast

She—Can you drive with one hand?

He (passionately)—Yes.

She—Then pick up my glove.—

We know of a man who has such a pugged nose that every time he sneezes he blows his hat off.

—Penn. Froth

A—She's just like a chess game.

B—Yeah?

C—Plays with 32 men at once.

—Exchange

"The spring is here!" cried the poet as he took the back off his Ingersoll.

"Rastus, whar you keep yo' money?"

"In mah strong box."

"What dat, niggah?"

"In mah shoe."

—Sec.

"And how old is your daughter—the one who has just put her hair up?"

"Oh, she's in her early nicoteens."

"See that man over there? He's a sculptor."

"But he only has one arm!"

"Sure—he holds the chisel in his mouth and hits himself on the back of the head."

—West Virginia Moonshine

### Ethereal Bliss? Bah!

A flapper and her best beau were sitting on a davenport, listening in for the first time on dad's new radio set. The fact that both were wearing head-phones did not prevent them from snatching an occasional kiss. Just as they were in the middle of a particularly long embrace came the voice of the radio announcer.

"Take Those Lips Away."

"Oh, George!" gasped the girl, blushing and drawing away, "Oh, George! They can see us!"

Prof. Blinkus: "I have one of Caesar's coins."

Solitary Sal: "Not so damn good; I have some of Adam's chewing gum."

—Ex.

### In the Home Town Paper

Freshman (as conductor held out his hand for his ticket)—I don't remember meeting you sir, but I am glad to see you. (Shakes hand).

Stand perfectly still when a woman throws a stone at you. If you dodge you may get hit.

CRANE BEAUTY IN THE OPEN; CRANE QUALITY IN ALL HIDDEN FITTINGS

For many home-makers, the clear white of porcelain or enamel fixtures is the essential seal of cleanliness in bathrooms.

It is one of a wide variety of Crane fixtures for the bathroom, kitchen and laundry sold by contractors everywhere at prices within reach of all.

To such the Crane Tarnia bath will appeal instantly. Of cream white enamel on iron, it is set here in the same spotless vitrolite as the walls. It is durable, sanitary, economical.

In the industrial field, Crane service duplicates on a larger scale in steam, oil, gas and water installations, the Crane standards of comprehensive lines and dependable quality.

#### A Typical Question

The sum of the forces of a span is equal to zero. How long will it take to count a cat's whiskers if a buzz saw makes twenty five revolutions and hits a weight which causes the Ameoba Parmecia to sink or swim.

We wonder who the Winthrop girl is that mistook "Horse" Mullin's picture for Jack Fewel.

Examination  
Degradation  
Destination  
Country station  
Nice location  
Recreation

"I won't be the only one to flunk," said the student as he stole Dr. Daniel's cigars.

Dere Paw,

I thought I would break the news gently, no, I don't want a check or a mortgage on the home. What I wanted to tell you was, to have the ole' mare ready, as I'm coming home and I guess you better come out to the sand pile and meet the train. You see vacation season starts soon and the college has already notified me that I could take mine now if I wanted too. I didn't do so well on any exams but neither did the other fellows. I stood 'em all the best I could. Of course, I sat down when I stood 'em. I didn't do so bad. Only made six "F's" and two "D's" course you know "F" stood for "fine" and "D" stood for "Darn fine." I know you are glad to hear that your son didn't get any "E's" or "S's". You know a "S" means sorry. Hoping to arrive on the "flunk out" special. I am

Yours 'till Great Falls

"Cy"

—F. B. L.

Prof. Kinard received the following letter from a Freshman on English exams.

Dear Prof.

I'm indeed sorry that I'm not an "E" man under you, but to tell you the truth, I don't know what its all about.

Yours 'till Nigara Falls.

"Rat" Beach.

Hughie Kizer thought the picture "The Fast Set" was one about horse races.

While "Horse" stood on the "Bull Ring"

His majors were feeling blue.  
Taps was blown at Reveille  
And all to Dinner flew.

#### Too Well Posted

Dry: "My good fellow, how do you happen to be lying in the gutter?"

Rye: "Sall ri, brother, I jus' shaw two lampposts and leaned against the wrong one."

"Are you Scotch by birth?"

"No, by absorption."

—Ga. Tech. Yellow Jacket.

#### LOGIC

We go to college to improve our faculties.

Our instructors are our faculties. Therefore we go to college to improve our instructors.

#### Objection Overruled.

He—And why do you think I am a poor judge of human nature?

She—Because you have such a good opinion of yourself.—New York Globe.

#### The Vacation Problem

"You give your clerks two weeks' vacation every year, don't you, Mr. Tintack?" asked a friend.

"A month" grunted the eminent hardware dealer.

"A month?"

"Yes. The two weeks when I go on my vacation and two weeks when they go on theirs."—Good Hardware.

Prof.—"Do you think you can run this class better than I can?"

Smith—"Yes, sir."

Prof.—"I've a good notion to let you try."

Smith—"Yes, sir. Class dismissed."

The clock struck one.

"Reid, you must go now," she murmured.

The clock struck two.

"Reid, dear, you simply must go," she added.

The clock struck three as Reid arose—for it was a slow striking clock and was deliberately on its way to eleven.

—Ala. Rammer-Jammer

#### Dark Doings

First She: Hear about the honor committee kicking Jack out of college?

Second Ditto: Why, you don't say?

First She: Yeah they caught him looking out of the window on the night of the astronomy exam.

—Brambler.

#### Treat 'Em Gentle

An old sergeant was noted for his ability as a drill-master and was invariably assigned to the task of breaking in new recruits. There came to the company a captain with advanced ideas, who quickly noted that the sergeant was as proficient in profanity as he was in the I. D. R. He took him to task.

"Sergeant," he said, "I have no complaint to make of your ability, but I want you to realize that you are to teach these men how to drill and not how to swear. And I want you to realize that explanation is necessary before calling them down for inferior work. Now I expect to see some improvement in your methods."

"Very good, sir."

The following day he overheard the sergeant at instruction.

"Now I want to see you step out lively, my sons. And keep your eyes straight to the front, my sons. And hold your heads up, my sons. You know the kind of sons I mean."—Legion Weekly.

Any old cat can be the cat's whiskers, but it takes a tom cat to be the cat's paw.

—Oklahoma Whirlwind.

#### ONE-EYED SAM

##### The Demon Demon.

Editors note:

One-Eyed Sam of notorious fame has consented to write an article for the "Tiger".

People say I was born in what is commonly known as "Gargia," but known to people of Boston as Georgia which is bound by several like states, which is the state of depredation. That may be the cause of my career which same is both meritorious and notorious.

When still a small lad I found myself in the Phillipine Island with nothing else but, which same was uncertain, unknown and unsufficient, the same as myself, so I had to serve with the notorious, which same put me in the constabulary: a demon, demon Bozo with the intent of finding the Devil-Devil Bozos of Walla Halla, which same Worshipped devils and other like people. Well it takes the devil to catch the devil, which modesty permits me to say. I caught the devils and it was easy for they fell down and worshipped me; just a mistake in identification that made me feel my power over men. Some folks say I haven't got out of that notion yet, but suffice for that, I must uphold my reputation which same is notorious.

My name I earned because I didn't need but one eye to catch Bozos so I knocked it out, which same made me Demon-Demon the Bozo hunter, which same in spite of the flowers made me think everybody was a devil Bozo to be hounded by the devil in myself. Sufficeth it.

I finally got in the army which same afforded me an opportunity to be a demon-demon, devil-devil, which same made me notorious, which same was caused about an officer which I got in "dutch."

I will give another treatise of my career, which same is unknown and notorious next week.

#### He Was Bolstered Up

Sir: Heard one of the local wits pull this one on a flapper:

"Dick was almost drowned last night."

Flap: "No! How?"

"The pillow slipped, the bed spread and he fell into the spring."

It was at the end of the scene; the heroine was starving.

"Bread!" she cried. "Give me bread!"

And then the curtain came down with a roll. —Ex.

Personal: "If Jake Doolittle, who deserted his wife and baby 30 years ago, will return home, the baby will knock him for a row of tombstones."

—P. C.

## ALUMNI SECTION

E. G. PARKER, '24 .... EDITOR

This department of the Tiger will be edited by the Alumni Office at Clemson. Address all communications for publication and all correspondence in regard to alumni subscription or to this section to The Clemson Alumni Association or to the Secretary.

The Tiger will be mailed to all paid-up members of the alumni association. The date on your address label shows when your membership expires.

POSITIONS OPEN  
TO CLEMSON MEN

The alumni has requests for Clemson men to fill the following positions:

Several county agents in a Southern State.

A competent Electrical Engineer (Draftsman), single, not over 35 years of age, who has had some experience with sub-station work.

A capable Electrical graduate with some experience.

The alumni secretary will be glad to receive the names of applicants for these positions and will put them in touch with the proper persons.

NEARLY ALL STUDENTS  
AFTER XMAS HOLIDAYS  
RETURN TO SCHOOL

Very Few Receive Discharges—  
Hope For Successful Year.

On Monday, January 5th when class work was resumed after the Christmas holidays nearly every student was either present or accounted for. The loss during the vacation was six. One of these was Cadet Strom who died while at home due to an automobile accident. Three had written for discharges and only two did not either return or write to the authorities. This loss is smaller than usual.

Records kept over a period of years indicate that the percentage of students returning to Clemson from one session to the next is very high. After eliminating Seniors and second year short course students last June there were 689 present at the College who were eligible to return in September. During the opening days last fall a total of 682 old students matriculated. The Senior and Junior classes came back practically one hundred per cent strong. While a few more than seven of those actually in College failed to return yet their places were taken by other old students who had dropped out along during the session.

Two years ago a study made of 107 Colleges in the United States revealed the fact that on the average 32 per cent of the students entering the Freshman class never reached the Sophomore year. In a few instances the loss was as high as 50 per cent. At Clemson this loss during the past two years was only about half the average of the 107 colleges. Also there has been a gradual increase in the number of students who enter as Freshmen to remain in College until graduation. Only a few years ago 32 per cent of the boys who

CLEMSON MEN WILL  
FEATURE RADIO  
PROGRAM FROM WGY

Clemson men will have a very prominent part in the International Intercollegiate Night of the Air, a unique radio program which will be broadcast on the night of Saturday, January 31 by WGY, Schenectady.

A letter to Prof. S. R. Rhodes from John Klenke, '23, who played a prominent part in arranging the novel program, tells of the part Clemson men will take. George and "Chink" Ricker will be the chief Tiger musicians, while a Clemson cheer and a Clemson song will also be put on the waves.

Full details are contained in the following dispatch from the General Electric Company News Service:

Schenectady, N. Y., Jan. 20th. George and E. C. Ricker '22 and '23, will be the Clemson men featured on the International Intercollegiate Night of the Air program which will be broadcast by WGY the local General Electric broadcasting station, direct from Edison Club Hall here, on the night of Saturday, January 31. The Rickers will present a guitar and banjo duet of Southern melodies. On the same program Clemson alumni will sing at least one Clemson song and give a Clemson cheer. One of the most active promoters of International Intercollegiate night has been John Klenke, '23, chairman of the committee in charge of the affair.

Other features of the evening will include the songs and cheers of many other colleges and universities; songs by the British Empire group, consisting of college men from New Zealand, Australia, South Africa, India, Canada, and the British Isles; a burlesque skit presented by Massachusetts Institute of Technology alumni; musical selections by the Edison Club string orchestra composed entirely of college men now in the employ of the General Electric Company; native songs by a quartet of graduates of the Royal Polytechnic Institute of Sweden; native music played by Chinese engineers; and group singing by all those participating in the entertainment, as well as one or more short talks.

This program, which will constitute the entire evening entertainment from WGY, will go on the air at 7:30 P. M. More than 50 colleges and universities in this country and abroad, will be represented.

While collegiate numbers will comprise a large portion of the program there will be numerous classical solo numbers. Many of the men on the program were prominent in musical while in college, having been members of their glee and musical clubs.

"Girls are prettier than men."  
"Naturally."  
"No, artificially."

came to Clemson remained to graduate. This number has been steadily increasing and last year there were over 50 percent of those who entered in 1919 to receive their diplomas.

## Measured By His Greatness

A man's greatness is measured by his deeds. This being so, Clemson is getting one of the biggest men in the State for its president, and Coker realizes that she is losing one of the best. We feel our loss keenly and cannot yet realize that he is actually ours no longer. In fact, we want to and expect to feel always that he is ours even if he has chosen to go to Clemson.

To the one who looks into the history of the past eight years of Coker's life, there is a revelation of astounding growth, a gain in superior equipment and a glory of achievement. No one would ever realize the same campus that now exists as that of the year 1916-17. We venture to assert that now ours is one of the most beautiful in the State. The science department has grown from a small plant to two well equipped laboratories. The library contains many more volumes and the endowment has grown from \$216,000 to \$500,000. The faculty has increased in number.

One would say, "What a mammoth work for one man!" No doubt he has been aided but his excellent ability, his tact, his recognition as a scholar and gentleness have brought about these changes. This is not all. Coker has come to be a standard college. It was a steady, perhaps slow, climb, but the president worked, no one knows how hard, for many years toward this goal.

As Coker sees her president leave after the year 1924-25, she hopes that he will go to Clemson and make men like himself. As students, we recognize his kindness, his scholarship and his worth as a man of God. If Clemson profits by his work and presence as Coker has, it has steady growth and a brilliant future ahead of it.

We give Dr. Sikes up with much regret, and challenge the coming year to give us another man of his kind.

The Coker Periscope

PARKER HIGH WINS  
OVER TIGER CUBS

(Continued from page 1)

good work, while the passing of Thomas and Coker contributed materially to the visitors' victory. Chandler contributed the last few decisive points of the game.

All the Clemson lads played average games, but Monday's total of 12 points gives him a slight advantage over his team mates; The two husky, hefty, guards, Eskew and Martin did good work, but when Nolan hit his stride he gave them trouble. Harling's floor-covering actions and his several brilliant goals occasioned Tiger supporters much enjoyment.

Parker Hi.	Pos.	Clemson
Nolan (12)	RF	Harling (8)
Thomas (4)	LF	Beason
Crain (6)	C	Mundy (6)
McElrath	RF	Martin (5)
Chandler (2)	LG	Eskew (1)

Substitutions: Parker—Coleman for McElrath. Clemson—Moore for Beason, Cox for Eskew, Eskew for Cox.

Guy L. Morrison, '03, is Southern Representative for Penick and Ford Sales Co., with headquarters at Greenville.

CLEMSON MAN HEADS LARGE DEVELOPMENT IN  
CITRUS INDUSTRY IN CENTRAL FLORIDA

(Ed. Note—This is the first of a series which we expect to conduct in following the progress of Clemson men in various phases of work.)

High up in the hills of Polk County, on the crown of the Ridge section of Florida, midway between the Atlantic and the Gulf, is Davenport, a monument to the vision of a Clemson man who is making his dreams come true.

Frank W. Crisp, '08, Vice-President and General Manager of the Holly Hill Grove & Fruit Co., is that man. On December 1, 1919, the Holly Hill Company opened its doors at Davenport with Frank Crisp at the general managerial helm. Crisp graduated from Clemson in Horticulture, and had been for a long while associated with the Wilson & Toomer Fertilizer Co.

of Frank Crisp, the Holly Hill Co., has planted 3,000 acres in groves, and has sold three million dollars worth of property at Davenport.

The groves around Davenport have been laid out, planted and beautified according to a general plan, so that the whole seems as one enormous park.

It is the plan of the Holly Hill Co., to build a town from the outside. To this end they have set out the groves, and established the resources to support the town before they have begun to build the town itself. Plans are complete for the first business block of Davenport, and a number of residences have already been built. The company maintains a large and excellently appointed Inn for the accommodation of guests and travelers.

The roads, and even the railroad

A Glimpse of the Groves at Davenport. The Rolling Land is Well Adapted to the Citrus Fruits

of Jacksonville, of which the Holly Hill Co. is a subsidiary. Taking over 5,000 acres of uncultivated land at Davenport, Crisp has laid plans for a fifty year expansion program. The Holly Hill property has been improved and beautified according to his plans until Karl Lehmann, secretary of the state Chamber of Commerce of Florida, recently said, "Davenport stands out as the finest transformation that has taken place anywhere in the same length of time. A perfect beauty spot has been made out of the town approaches along the Dixie Highway."

Since its inception in the mind

approaches to Davenport have been beautified according to the Crisp scheme of things. Along each of these approaches have been planted flower beds, protected by low barriers, and scarlet hibiscus hedges line the roadways into and through the Davenport property.

The accompanying photographs show something of the work that is being done around Davenport. The alumni section of the Tiger is happy to introduce to its readers the splendid work which Frank Crisp has done and is continuing because we feel sure that Clemson men everywhere are interested in the activities of other Clemson alumni.

Constructing Concrete Sidewalks on Poinsettia Hills at Davenport, the Home of Holly Hill Company

CLEMSON IS disappointed that Newberry and P. C. broke into the basketball winning streak which the Tigers had started against Tech and Georgia, but there is no reason to be unduly downcast over the situation. Clemson has a powerful team and a fighting team, one that never surrenders. If the decisive punch seemed to be lacking in the last game or two, let us hope that it will be recovered immediately.

REMEMBER THAT only two defeats have been suffered, while there are twelve more games to play, not counting the tournament, which, we repeat, is THE important event of the basketball year.

A SUCCESSFUL trip through the state this week will re-establish Clemson prowess in Palmetto circles. Revenge will be sweet in the Newberry game. Carolina and Citadel both have great teams which Clemson should strain every effort to defeat, and the College of Charleston is not to be forgotten.

AGAIN WE SAY IT. The big thing is the Southern Conference Tournament. The South as a whole little cares if the Presbyterian College of South Carolina defeats Clemson. In fact Dixie hears little of it. But let our Tigers make their mark of honor among the big Conference teams by making a real record at the tournament, and something will be accomplished.

THE GAMES with Tech and Georgia, resulting in Clemson victories, were great starts on the road to Conference power and widespread fame. Continuance of the Conference victories and a great showing at the Tourney will blaze the name of Clemson across the Southern sport horizon.

## DR. CAPENTER GIVES LECTURE TO FESHMEN

Noted Greenville Physician Here Monday Afternoon—Speaks About Care of the Eyes.

Dr. E. W. Carpenter, noted Greenville specialist, gave an illustrated lecture in the Y. M. C. A. auditorium last Monday afternoon on the care of the eyes. Dr. Carpenter stressed the importance of proper care of the eyes, and showed by illustration the many benefits of good sight. He also showed the bad effects that improper care has on our vision.

We are always glad to have specialists in our midst, and we are very grateful to Dr. Carpenter for bringing his message to us. We extend to him a hearty welcome at all times, and will be glad to have him visit our school at his convenience.

WE HOPE that the Tigers will get all their slumps and off-nights off their minds and hands before they come to the closing days of the season. Of course we hate to lose games like the last two. But we will be amply repaid for their loss if we can show the world in the Atlanta auditorium on February 27.

What say Coach Bud? What say, Captain "Pinky"? What say, Tigers? Let's have the big punch ready for the big boys. Meanwhile we can get ready by downing these South Carolina teams. But the point is whether we down them or not, we must show the big boys.

CAPTAIN PAT HARMON and the other baseball men donned their uniforms Tuesday to have pictures made. It won't be so long until they will don them for the real work.

COACH REED is all excited over track. He hopes for a great season, and hopes to have a large crew of candidates out for the team. A great schedule looms up.

A LETTER from Claude ("Shorty") Schilleter, '22, who was captain of the basketball team his senior year, has just been received. "Shorty" is very much delighted over the showing made by the Tigers during the early part of this season, especially the victory over Georgia Tech. and sends his congratulations to Captain "Pinky" and the rest. "Shorty" is teaching at Ames, Iowa and is anxious for news from Clemson.

THINKING OF CLAUDE reminds us of "Bum" Day, who succeeded him as captain of the basketball team. "Bum" was one of the smoothest working basketballers we have ever seen in a Clemson uniform. He is in California now.

## LIFE SAVING CLUB ORGANIZED HERE

On last Saturday evening a group of men, who had passed the Red Cross requirements for the Senior Life-saving rating, met in the Y cafeteria. After a bountiful repast they organized a Life-saving corps. With Mr. Reese, the field representative of the Red Cross, presiding, the following officers were elected. Prof. M. E. Bradley, Honorary President; Cadet T. C. Morgan, President; J. M. Van de Erve, Secretary-Treasurer; and F. C. Jennings, Historian.

This club will have as its aim the fostering of further interest in swimming and will have charge of all of the Life-saving work here. Cadet Morgan has set a high goal and under his leadership we hope to attain it. Any person who is interested in swimming, in learning to swim, or in passing the Life-saving tests should see Morgan.

## PUBLISHERS ENJOY BANQUET AT STARR

Local Printer Is Host At Feast Given To About Twenty At Starr Good Time Enjoyed By Every One Of Party

The Pruitt House was the scene last Saturday night of a splendid banquet given to the various publishers of the college by the local printer, Mr. J. B. Chambers. The plan of going to Starr for the big feast originated in the mind of Mr. Chambers before Christmas. After much arranging so as to suit the convenience of every one of his guests, Mr. Chamber finally set the date for the event on last Saturday night. Reservations were made at the famous feeding resort several days in advance so that there would be no hitch in the plans. Invitations were sent out to the ones who were so fortunate as to be included in the list of guests. The arrangements were concluded last Friday and everything was set for the trip. The journey down to Starr was made in several cars. The schedule was so arranged such that the Pruitt House was reached about 7:00 o'clock Saturday night. Immediately upon the arrival of the party at the House, the banquet was served. And for the benefit of those who have been so unfortunate as to have never been to the Pruitt House, it may be said that have yet to experience the acme of perfection in the way of banquets. No better quality, no grater quantity of food can be found anywhere than is served to the ones who enjoy the hospitality of the Pruitt House.

The feast lasted for nearly two hours. Every member of the party seemed to be in a competition with someone for highest eating honors. And it surely was a pleasure to eat the food that was served inasmuch as it was the best that could be had. The only objection to the entire banquet was the quantity of the food served. And this objection was in favor of the House. More food was given to each person than could be possibly eaten by four persons. Yet, each man in the crowd did not slight the food, because a fairly good record was made by every one.

After the feasting was over, speeches were made by members of the party. Dr. Daniel, with his ready wit, was the chief speaker of the evening. After the speech making was concluded, the party broke up into several groups. Each group had some form of amusement with which they passed off a pleasant hour. This concluded the evening of pleasure and the party returned to Clemson.

The host for the trip and for the banquet was Mr. Chambers. He gave the party in honor of the men who were connected with the publications and bulletins of the college. Mr. Chambers was a gracious host and every one of his twenty guests were greatly indebted to him for the very pleasant evening they enjoyed as his guest.

Sue:— Oh, I wish I could fall in love."

Nan:— "Well, you had better fall into something darn soon because the shade is up."

(She walked into a jewelry store to look at some rings)

Clerk:— "You can't tell gold by tasting it?"

She:— "No, but I can tell brass."

## SPRING SPORTS JUST OVER THE HORIZON

Baseball Diamond and Track Being Groomed—Coach Reed Expects Great Track Season

Riggs Field is being groomed for the spring sports, baseball and track. The ball diamond has been put in shape, and the new quarter-mile track is being constructed. Before many weeks pass, the springtime beehive of activity will buzz over the Tiger athletic plant.

Just now basketball is in the lime-light, but baseball and track are already chafing to get under way. Baseball arrangements are not yet definite, but it is certain that practice will get under way when the weather permits. Just what the schedule will be is not yet known, but two big games for the campus have been billed in the two clashes with the University of Michigan, to be played on April 13 and 14.

Coach Reed is anxious to get track work under way, and he has hopes for a great season. Many men of known ability will form the nucleus for a great team, and Coach hopes to have many others try out for the team.

A great schedule of seven most attractive meets has been arranged, and the incentive of some fine trips should urge the Tigers on to greater endeavors in trying to make the team.

Coach Reed says that the track material is in barracks, if it will just come out and try for the team. He cites the instance of Wallace Roy. Wallace was a weight thrower in his high school days, but had not even thought of the track team in college. During last session, his Sophomore year, he came out for track and became the champion quarter-miler of the Southern Conference.

Latent possibilities for track prowess are in many Clemson cadets. They can never tell whether it is there or not until they try for the team. Coach Reed promises a fair chance to every candidate, and urges men to turn out for the cinder path team.

Winter training and conditioning is beginning now, and outdoor work will start as soon as possible. Clemson hopes to make a great record in track during the spring of 1925.

—W. W. B.

## TOWNSEND GIVES PROGRAM OVER THE LOCAL RADIO PLANT

Musician From Anderson Broadcasts From Station WSAC—Program Well Received By Radio Fans Of State.

On last Wednesday night, John Townsend, an accomplished musician from the City of Anderson, broadcasted a musical program over the wires of the local broadcasting station. The program consisted of several popular songs and recitals. Townsend is a singer of note as well as being an expert on any musical instrument. The program as was rendered last Wednesday was the first one that the Mr. Townsend had ever given over the radio, and as a result his performance at first was marked by a certain degree of nervousness. However, after he had accustomed himself to the strange surroundings, Townsend gave out music that was very good for one of his experience and training.

## TOUGH SCHEDULE FOR FRESHMAN BASKETBALL

Under the excellent tutelage of Coach Richards, the Cub Cager Quint is progressing in a very good manner. Their complete schedule has been arranged and under favorable circumstances they should kick up quite a bit of dust in the race for the champion fresh team of the state. The program presents in rapid succession eleven games to be played in only thirty days; so consistent work will be required to make any progress toward the elusive championship.

Coach Cul seems well pleased with his charges, and we have every reason to expect good results from his young quintet. The Greenville News has twice run an article of length about the team and its personnel. To quote a short passage "The 'rat' team is well representative of the whole state. Mundy and Harling, two fast forward men hail from Columbia. This man Mundy is destined to show the followers of the cage game some rare form in the future if he continues as he is now going. Beason from Simpsonville and Moore of Batesburg are also worthy of consideration. Probably the two most sturdy guards seen on a freshman team in years are Martin and Eskew of Greenville."

The schedule is as follows:

Jan. 30	Furman at Greenville
Jan. 31	P. C. at Clinton
Feb. 2	P. C. here
Feb. 5	Wofford here
Feb. 10	Furman here
Feb. 13	U. S. C. here
Feb. 16	Piedmont here
Feb. 20	Newberry here
Feb. 26	Newberry at Newberry
Feb. 27	U. S. C at Columbia
Feb. 28	Wofford at Spartanburg

—E. W. C.

We knew that a Lt. Col. had lots of power but we did not know that he could make the chapel march out while the corp of cadets remained seated. A Maj. tried this once before but failed..

Frank:— "My heart is on fire with love for you."

Francine:— "Well, don't put yourself out."

—Texas Ranger.

Jimmie Wall: "We grow wonderful strawberries in Florida."

Howard: "Yes, I guess you use a lot of fertilizer on them, don't you?"

Jimmie: "No, just cream and sugar."

—Ex.

After each number there were numerous congratulations sent in to the broadcasting station. Each wire included a compliment for Mr. Townsend, and a request for some certain favorite of the sender. Mr. Townsend answered as many of these requests as possible and refused to answer all of them because of the fact that the station had to close down at ten o'clock.

Mr. Townsend's concert was a decided success, and the radio authorities here at Clemson have received numerous requests to include Mr. Townsend on their programs for future broadcasting dates. As a result, Mr. Townsend will be on the air from Station WSAC at an early date. His next appearance on the program will be eagerly awaited by the radio fans of the South and especially by the fans of his native State.

—E. L. S.
